---

The Israeli Electricity Authority (IEA) has awarded contracts for 1.5 GW of high-voltage battery storage across 11 projects in a recent tender. The awarded facilities will be ...

HiTHIUM and El-Mor Renewable Energy form a strategic partnership to develop 1.5GWh of long-duration battery storage projects, enhancing grid stability and solar integration in Israel.

Israeli renewable energy developer Enlight has won grid connection rights for 300 MW of battery storage capacity in a national tender, enabling the construction of systems that ...

The Israeli Electricity Authority (IEA) has recently awarded contracts for a total of 1.5 GW of high-voltage battery storage capacity across 11 projects in three regions of Israel.

Israel has awarded contracts for 1.5 GW of high-voltage battery storage capacity across three regions, marking a significant milestone in the country"s energy transition.

Israel"s Finance Ministry has announced that a new solar plant integrated with the battery energy storage system (BESS) will be developed at the Ashalim power station in ...

HiTHIUM, a global leader in long-duration energy storage technology, has announced a strategic cooperation agreement with El-Mor Renewable Energy, one of Israel"s ...

El-Mor will design and build battery energy storage systems (BESS) and related infrastructures for multiple projects with a total capacity of 1.5GWh and total power of 300MW.

The Israeli Electricity Authority (IEA) has recently awarded contracts for a total of 1.5 GW of high-voltage battery storage capacity ...

Israeli renewable energy developer Enlight has won grid connection rights for 300 MW of battery storage capacity in a national tender, enabling the construction of systems that can store ...

"Through this strategic partnership with El-Mor, we are delivering the long-duration energy storage technology that will help stabilize Israel"s grid, enhance solar integration, and ...
