Marketing, Technical & Production team with More than 15 years experience in container manufacturing industry. Covering hundreds of special container type, we can provide ...

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ...

A grid-tie 80 kwh solar system is the most widespread configuration for large installations. Your system is connected to the grid and you can draw energy from it as usual or ...

The Mobil-Grid (R) is an ISO-standard, CSC-approved maritime container that integrates a photovoltaic power plant, ready to be deployed and connected, with integrated control cell and ...

If you need to have energy by solar panel system to works for house, farm, hotel, factory, hospital, office, school, airport, etc. Please contact to us to ...

Introducing the Industrial and Commercial Energy Storage Container by Dawnice. This modular battery system offers flexible capacity options ranging from 30kW to 350kWh, designed for ...

If you need to have energy by solar panel system to works for house, farm, hotel, factory, hospital, office, school, airport, etc. Please contact to us to discuss more details, we can support to you ...

PFCP80 80kWp Foldable Photovoltaic Container integrates 96pieces of595Wp high-efficiency PV modules (23% conversion efficiency) into a collapsible container design, delivering reliable off ...

Fong Power Technology delivers 15KW and 80KWH PV energy storage refrigerator boxes, offering custom-built and factory-direct solar cold chain containers for efficient food, medical, ...
