EK-SG-D03 series outdoor communication energy cabinet is designed for remote communication base stations and industrial sites to meet the energy and communication needs of the sites.

Discover the Pole-Type Base Station Cabinet with integrated solar, wind energy, and lithium batteries. Designed for seamless installation and remote monitoring, this energy-efficient ...

This versatile energy cabinet supports pole mounting, wall mounting, and floor installation for diverse deployment environments. It will have fittings of remote monitoring, smart power-off ...

Fibox is experienced in engineering, manufacturing and testing the required control units for wind turbines, and we can apply complete freedom in the design of enclosures specific to your ...

This large-capacity, modular outdoor base station seamlessly integrates photovoltaic, wind power, and energy storage to provide a stable DC48V power supply and optical distribution.

Highjoule HJ-SG-D03 series outdoor communication energy cabinet is designed for remote communication base stations and industrial sites to meet the energy and communication ...

Introduce photovoltaic and wind energy to achieve low-carbon energy saving; Simple installation method, which can support various installation methods such as wall hanging, pole holding ...

The system integrates a 4.4kW solar panel array and a wind power generation system with a capacity of 600W to 2000W. Managed by AI, the system ensures low-carbon, energy-efficient, ...
