Plug-and-play graphene energy container system designed for grid, partial-grid, and microgrid installations. It delivers clean, resilient, long-duration power storage without thermal risk, toxic ...

Scalable 1MWh-10MWh containerized energy storage system for commercial & industrial use. Ideal for peak shaving, backup power, and ...

1MWh 5MWh 10MWh ESS Container Energy Storage System uses standard battery modules, PCS modules, BMS, EMS and other systems to form standard containers to build large-scale ...

National Grid has issued an energy storage solicitation for 10 MW of bulk, front-of-the-meter storage and power marketer services that maximize the ...

On July 28, 2025, Governor Kathy Hochul announced the launch of New York State's first bulk energy storage competitive solicitation.

With 82% of utilities planning time-of-use rate adjustments by 2026, scalable storage becomes non-negotiable. Our containerized 10 MWh battery systems allow capacity expansion in 2.5 ...

Governor Kathy Hochul today announced the launch of New York's first Bulk Energy Storage Request for Proposals (RFP), intended to procure one gigawatt (GW) of bulk ...

Scalable 1MWh-10MWh containerized energy storage system for commercial & industrial use. Ideal for peak shaving, backup power, and grid support. Safe, modular, and smart EMS ready.

Ushering in the "10MWh Era" of Single-Container Systems. This is the first 10MWh single-container solution
