Who is container prod AU?

Container Prod AU, a family-owned business with over a decade of experience, is one of the leading suppliers of new and used shipping containers for sale in Australia. Copyright © 2025 Container Prod AU. All Rights Reserved.

What are shipping container solar panels?

Our shipping container solar panels are designed to withstand the rigors of outdoor use and provide long-lasting performance. We utilise high-quality solar panels that are built to withstand harsh weather conditions, including extreme temperatures, rain, and wind.

What is a solar container build?

It's a modified shipping container built to house solar panels, batteries, inverters, and other off-grid power systems. These units are ideal for powering remote sites, construction camps, emergency setups, or as a portable backup energy system. What's included in a solar container build?

Are solar containers safe?

Yes-- all solar containers are built from weatherproof, lockable shipping containers. Your gear is safe from the elements and secure from unauthorised access. Can the system be expanded later on?
