It features 16BB N-type cells and a bifacial dual glass design, making it durable and weather-resistant. The panel is 550 watts and has a black frame. It is suitable for rooftop and other off ...

WAAREE 545W solar panel integrates advanced bifacial Mono PERC technology, designed for superior energy efficiency and durability. With a robust dual glass construction ...

Sunpal's PERC BiMAX5 bifacial double glass solar panels are designed for minimal maintenance, thanks to their durable double-glass construction and high-quality materials.

With its innovative dual-glass design and bifacial power generation, this module maximizes energy production while ensuring robust durability. Its half-cut cell technology reduces resistive ...

Discover Smart Information's double glass solar panels featuring transparent glass solar panel technology for increased durability and performance. Our double glass solar panels reduce ...

Based on 210mm silicon wafer and 132 half-cut mono-crystalline PERC cell, the Evo 6 Series photovoltaic panels comes with several innovative design features allowing higher output ...

High-efficiency GreenWatts solar panel with PERC technology and double glass design. Ideal for maximum output and long-term durability.

SM-108M series modules consist of mono-crystalline high efficient silicon cells, which are individually characterized and electronically matched before interconnection and laminated ...

Made from premium Grade A solar cells, these durable, waterproof panels are built to last, with a 25-year

warranty to back it up. Reliable, efficient, and visually refined, they're a smart ...

Mogen Solar MG10 Perc monocrystalline single glass 540-555Watt photovoltaic solar panel. The new series integrates 182mm silicon wafers, with perc, multi-busbar cell technology and high ...

With its innovative dual-glass design and bifacial power generation, this module maximizes energy production while ensuring robust durability. Its ...
