Circuit Protection NHP offers a broad range of circuit protection products to suit a variety of industries and applications including circuit breakers and earth leakage protection relays.

Circuit Protection NHP offers a broad range of circuit protection products to suit a variety of industries and applications including circuit breakers and ...

Mitsubishi Electric World Super WS-V Series contains a comprehensive range of earth leakage circuit breakers with rated currents up to 800 A. The circuit breakers are amongst the smallest ...

HD Hyundai Electric has a diverse product family of Low/Medium Voltage circuit breakers, from MCCBs for use in homes to ACBs and VCBs for industrial plants. Our high-quality products ...

Protect yourself and your team with an earth leakage circuit breaker. Available for hire at our Glen Iris and Fairfield branches. Contact Hiredepot for product rates or view full equipment range ...

Residual current circuit breaker (RCCB) with or without overcurrent protection (RCBO). Residual current devices (RCDs) provide protection ...

An earth-leakage circuit breaker (ELCB) is a safety device used in electrical installations to prevent shock. It consists of either a current sensing mechanism, or a voltage sensing ...

Mitsubishi Electric World Super WS-V Series contains a comprehensive range of earth leakage circuit breakers with rated currents ...

It is vital for us to make certain that the system that we are using is configured to meet the best possible

balance of needs. Ryan Wilks can design, procure and install an earth leakage ...

Compact Earth leakage device with or without overload protection in 2P (1 + N). Available from 5A to 63A. Hydraulic-magnetic technology.

The wiring standards indicate that earth leakage units should trip strictly between 15 - 30 mA. As a quality manufacturer, CBI maintains a stringent safety margin from these limits, i.e.

Residual current circuit breaker (RCCB) with or without overcurrent protection (RCBO). Residual current devices (RCDs) provide protection against electrocution and fires caused by electrical ...
