The European Investment Bank (EIB), together with local commercial banks SEB and Luminor, is lending the Estonian renewable ...

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

Estonia added a record 513 MW of new solar capacity in 2024, bringing its total installed PV capacity to more than 1.3 GW, ...

Sunly, in collaboration with Metsagrupp, is developing a 16 MW / 32 MWh battery energy storage system (BESS) next to the 45 MW ...

The Risti solar park will contribute 244 MW to Estonia, strengthening energy independence with investment from the EIB, SEB, and Luminor.

In the third week of November, Sunly and the Metsagrupp jointly started construction of this 244-megawatt-farm, consisting of almost 350,000 solar panels. It is located ...

Sunly, in collaboration with Metsagrupp, is developing a 16 MW / 32 MWh battery energy storage system (BESS) next to the 45 MW Raba Solar Park in Parnu County, Estonia.

Estonia is launching a major 300 MW solar-plus-storage project in Ida-Viru County, transforming a former quarry to boost renewable energy and energy independence.

SunContainer Innovations - Imagine a world where solar farms work 24/7 and wind turbines never waste a
