high implies marked extension upward and is applied chiefly to things which rise from a base or foundation or are placed at a conspicuous height above a lower level.

If something is high, it is a long way above the ground, above sea level, or above a person or thing. I looked down from the high window. The bridge was high, jacked up on wooden piers.

High (computability), a quality of a Turing degree, in computability theory High (tectonics), in geology an area where relative tectonic uplift took or takes place Substance intoxication, also ...

At Solarvance, we specialize in desert-proof, dust-resistant solar systems designed for Sahelian environments like Niger. Whether for a health post in Agadez, a water pump in Tahoua, or a ...

Discover how portable energy storage systems are transforming energy access across Niger - and why manufacturers like SunContainer Innovations are leading this sustainable revolution.

The 30w Solar Street Light uses an innovative patented "All-In-One" system that integrates an efficient solar panel, compact Lithium-ion battery, and a smart power management system in a ...

Discover how Niger is tackling energy shortages with new solar projects in Niamey and Zinder, aiming to reduce import reliance and achieve energy self-sufficiency.

Thanks to solar power, residents of the village can now work and learn, even after dark. The construction, transport and installation of the 40-foot solar container was made possible by ...

high adjective (IMPORTANT) B2 having power, an important position, or great influence: an officer of high
