What is a solid-state circuit breaker?

Solid-state circuit breakers are faster, can be dynamically adjusted and can be connected to the intelligent network and monitored remotely. They can be used in various applications, including residential, commercial and industrial AC systems.

Who is breaker broker?

Unlike big-box suppliers that only carry current SKUs, we go beyond. Breaker Broker stocks surplus and obsolete circuit breakers that are no longer manufactured but still widely used in buildings, factories, and commercial facilities. This allows us to provide critical components you won't find anywhere else. We don't just stop at circuit breakers.

Who makes breaker equipment?

All Breaker equipment is designed to offer maximum operator comfort and maximum performance. Breaker is an Italian company located in Modena that produces construction equipment with enduring quality. Discover Breaker's products on the website!
