How much does outdoor lighting cost?

The average cost of outdoor lighting installation is \$2,000 to \$4,000. For instance, the average cost for a homeowner to install eight LED step lights and 12 hardscape lights around a pool area, including wiring and related costs, is around \$3,000. Q: How do you maintain outdoor lighting?

How can I save money on outdoor lighting?

To save money on outdoor lighting, consider using solar-powered landscape lights that can be installed DIY and light up your garden for free. Another option is to use string lights to replace a high number of individual light fixtures. Make a plan and buy outdoor lights in stages. Investing in LED bulbs, which cost more initially but save money long-term on electricity and replacement, is also a good idea.
