How much does it cost to build a greenhouse?

A greenhouse costs \$5 to \$30 per square foot, \$2,500 to \$15,000 on average for a 500-square-foot structure. Building a large commercial greenhouse costs \$2 to \$25 per square foot. The cost to build a greenhouse depends on the size, materials, and whether it's prefab or custom-built. Get free estimates from greenhouse builders near you.

What is a greenhouse cost calculator?

The greenhouse cost calculator includes ROI estimation. Great for both commercial growers and small-scale farmers. Enter your replacement cycle costs: The calculator totals your annualized repair and maintenance costs. You can even add custom repair items and cycles.

How much does a commercial greenhouse cost?

A commercial greenhouse costs \$2 to \$25+ per square foot for labor and materials, depending on the size, type, and features. The larger the greenhouse, the less you'll pay per square foot in most cases. Large commercial greenhouses that are 1+ acres typically cost \$2 to \$4 per square foot to build. Most commercial greenhouses are at least 20' wide.

How much does a greenhouse frame cost?

The frame of a greenhouse is the structure's support system. Typically, greenhouse frames are made from strong wood or steel that can stand up to the elements. Wood framing costs about \$1 per linear foot, while steel costs \$2.50 per linear foot.
