Independent power producer Globeleq has brought a 19MWp, 2MW/7MWh energy storage plant in Mozambique into commercial operation.

The \$36 million plant supplies clean energy to EDM and powers around 22,000 Mozambican families, reducing over 172,000 tons of CO2 over its life

Solar energy storage systems aren't just technical solutions - they're catalysts for economic empowerment, healthcare access, and sustainable development. The question isn't whether ...

In a significant move for Mozambique's energy sector, the Ministry of Mineral Resources and Energy (MIREME) and the Energy Regulatory Authority (ARENE) have ...

Construction has begun on the 19MWp/15MWac Cuamba solar PV plant with 2MW/7MWh battery storage in Mozambique, project sponsors United Kingdom-based Globeleq, private equity firm ...

Our solar power plant in Cuamba was inaugurated in September of 2023. It marked another milestone for Globeleq and ...

The \$36 million plant supplies clean energy to EDM and powers around 22,000 Mozambican families, reducing over 172,000 tons ...

Our solar power plant in Cuamba was inaugurated in September of 2023. It marked another milestone for Globeleq and Mozambique, as it was the first IPP to integrate a utility ...

The project marks a significant milestone as the first IPP grid-scale storage plant in sub-Saharan Africa. Cuamba is also Globeleq's first greenfield-to-operations project in ...

"The Cuamba solar and storage plant will provide greater energy security and stability in this region of Mozambique and marks a turning point for the Cuamba district.

The project marks a significant milestone as the first IPP grid-scale storage plant in sub-Saharan Africa. Cuamba is also Globeleq's first ...

Summary: Mozambique has launched a groundbreaking photovoltaic energy storage project to address energy shortages and accelerate its renewable energy transition. This article explores ...
