What is the Myanmar telecommunications industry report?

The Myanmar Telecommunications Industry Report includes a comprehensive review of the Myanmar market dynamics, market sizing, market forecasts, analysis, insights and key trends. Key Developments in Myanmar's Telecom Industry:

When did Myanmar open up its telecommunications market?

Myanmar began liberalization of its telecommunications market in 2013. Previously, Myanma Post and Telecommunication (MPT) had a monopoly in the country. In 2013, the government started taking steps to open up the telecommunications market, issuing licenses to new service providers.

What is the telecom market like in Myanmar?

Myanmar's telecom market is dominated by four major mobile operators: Myanmar Post Telecommunications (MPT), Atom Myanmar (formerly Telenor), Ooredoo Myanmar, and Mytel. Competition is fierce, with over 95% 4G population coverage achieved. Operators are now diversifying their services into FTTH and e-commerce to drive further growth.

What are the major telecom operators in Myanmar?

Operator Profiles: Myanmar's telecom market is dominated by four major mobile operators: Myanmar Post Telecommunications (MPT), Atom Myanmar (formerly Telenor), Ooredoo Myanmar, and Mytel. Competition is fierce, with over 95% 4G population coverage achieved.
