Luxembourg-based Zen Energy Group has started the installation of a hybrid energy project in North Macedonia, combining a ...

You know how people say renewable energy is unreliable? Well, North Macedonia's Skopje Pumped Storage Power Station just proved them wrong. Operational since Q2 2024, this EUR1.2 ...

This report, "North Macedonia Renewable Energy Market - 2025 Update", has been produced by Invest In Network as part of the Energy Week Western Balkans 2025 framework.

The continued growth of solar power and the development of storage capabilities will play a decisive role in securing North Macedonia's energy independence and promoting a ...

Located in the Dedza district of Malawi near the town of Golomoti, the 20MWac solar PV and 5MW/10MWh energy storage project is set to become a leading project in sub-Saharan Africa ...

A city where sudden power outages become as rare as unicorn sightings, and solar panels work overtime even after sunset. That's the promise of the Skopje Energy ...

Built on a depleted open-pit mine, the facility generates approximately 120 GWh of electricity annually and consists of nearly 124,000 photovoltaic panels. The planned lithium-ion ...

By adding solar power generation to the reservoir, the plant provides a reliable source of energy even during periods of low water levels, creating a powerful hybrid system. ...

A new energy law adopted in May 2025 is expected to further accelerate the uptake of battery storage.
