Does container management sell as-is condition containers?

Container Management, Inc. does not sell As-Is condition containers. Choosing the right size is critical as it impacts both cost and usability. The 20-foot, 40-foot, and 40-foot High Cube containers are the most common sizes for shipping containers that are to be used for export shipment or for storage.

What is a collapsible end flatrack container?

Collapsible-End Flatrack containers are designed to transport oversized machinery and equipment that is too wide or too high for a standard container. Open Top containers are used to ship over-height cargo, and are offered with or without roof tarps. Both units are available in both 20-foot and 40-foot lengths.

How long is a Conex container?

Refrigerated containers are available in 20-foot and 40-foot High Cube lengths. AWOL provides all types of logistics solutions required to get your Conex where it is needed; including cross-country hauls utilizing flat-bed trucks or rail, and/or local container delivery using tilt-bed trucking.

What is a repurposed cargo container?

Cargo Containers, otherwise known as Conex Box, Milvan, or Seabox, are designed for Intermodal Shipping (ocean/rail/truck). They also provide convenient and secure watertight storage at a very reasonable cost. Repurposed Cargo Containers are routinely used at work, construction sites, on farms, and at home.
