How much does a 40 foot shipping container cost?

Starting at \$4,350 or Purchase for as low as \$197.73/month. Our 40-foot shipping containers are tough, sturdy, wind and watertight, and designed to keep contents safe and dry. Their size and availability make them the most cost-effective size, offering the lowest cost per square foot. Finding comparable storage space at this price is hard to find.

Should you buy a used 40ft shipping container?

Cost-Effective: The biggest advantage of purchasing a used 40ft shipping container is the significant cost savings. A new container can cost thousands of dollars, while used containers are often available at a fraction of the price. Durability: Shipping containers are designed to be incredibly tough.

What is a 40ft shipping container?

A 40ft container is standardized globally for easy stacking and compatibility with ships, trucks and trains. Our 40ft shipping containers are available in both Standard and High Cube (HC) variations, offering flexibility to suit different storage needs. So, what's the difference? The key distinction lies in their height.

Do all 20ft & 40ft containers have a CSC plate?

For that reason, all the 20ft and 40ft containers we sell for shipping have a valid CSC plate - as do many of those sold for storage. In many ways, it's a seal of approval - even on older containers - that certifies it was built to international ISO standards for shipping.
