A major first for Senegal! In the north of the country, RMT is handling the turnkey construction of a 16 MWp photovoltaic power plant on behalf of Walo Storage.

The on-time commissioning of Walo Storage demonstrates our ability to support Senegal's energy transition using cutting-edge technology. It is also a key milestone in our ...

Jinko ESS, a global leading energy storage provider and a subsidiary of Jinko Solar Co., Ltd., has announced a major milestone in the West African market to successfully ...

Construction of the battery energy storage system is expected to commence in early 2024 at the Tobene substation in Thies and is expected to become operational in 2025. ...

When a Senegalese cashew processing plant lost \$12,000 daily during outages, our 200kW container system provided seamless transition between grid and storage power.

With the launch of Walo Storage, Senegal's energy sector enters a new era of sustainable solar power and reliability.

We have extensive manufacturing experience covering services such as battery enclosures, Energy Storage Cabine, Battery Storage Cabinet, Power Storage Cabinet, Solar Storage ...

Independent power producer, Africa REN, has commissioned a 20MW of solar PV power plant with a 10MW/20MWh battery energy storage system (BESS) in Senegal. Named ...

By integrating variable renewable energy with battery storage, Walo Storage positions Senegal at the forefront
