---

The sodium-ion battery module has self-recovery from failure, real-time battery cell equalization function, and provides protection functions such as overvoltage, undervoltage, overcurrent, ...

Scalable from Kw to multi-MW, the BlueRack(TM) 250 battery cabinet is a safe, high-powered solution you can count on. By employing breakthrough sodium-ion cells based on Prussian ...

The Blue Rack is the world's first sodium-ion battery cabinet designed for mission-critical applications such as data centers, peak ...

Designed for peak shaving, valley filling, and off-grid resilience, this 90kW/215kWh modular solution integrates cutting-edge LiFePO4 or Sodium-ion battery technology to ensure safety, ...

Designed for load shifting, backup power and solar integration, it delivers stable performance with inherently safe sodium chemistry. Its compact footprint and low-maintenance design make it a ...

Explore how sodium-ion storage enhances power reliability and efficiency and sodium-ion batteries for sale. Compare prices, discover top suppliers and learn how to buy sodium-ion ...

The modular design of the sodium-ion battery is easy to replace, has high maintainability, and realizes the integration and miniaturization of higher ...

The Blue Rack is the world's first sodium-ion battery cabinet designed for mission-critical applications such as data centers, peak power-shaving, and other industrial power ...

The modular design of the sodium-ion battery is easy to replace, has high maintainability, and realizes the integration and miniaturization of higher power density

Scalable from Kw to multi-MW, the BlueRack(TM) 250 battery cabinet is a safe, high-powered solution you can count on. By employing breakthrough ...

Our industrial-grade 48V230Ah sodium-ion battery cabinets offer extreme-temperature performance (-40? to 60?) with 8000+ cycles ...

Our industrial-grade 48V230Ah sodium-ion battery cabinets offer extreme-temperature performance (-40? to 60?) with 8000+ cycles lifespan.
