---

The Ezra Group, a leading business conglomerate, announced the successful launch of the 20-Megawatt (MW) solar power plant and the 14-Megawatt (MWh) Battery ...

United Arab Emirates, July 23, 2020 - I-kWh and Asunim will form a consortium with Elsewedy Electric Co to provide South Sudan The project will consist of a20MW-peak ...

As they transition to renewables, S. Sudan's first solar installation will be our 10MW solar PV + storage project in the capital, Juba, in advanced stages of development.

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

South Sudan marks a new era in sustainable energy with its first 20-megawatt solar plant, built in partnership with Egypt. Learn how ...

With a strong focus on sustainability and cost reduction, Ezra Group aims to accelerate South Sudan's transition to a greener and more energy-secure future. This project ...

A public-private partnership in South Sudan has launched the country's first major solar power plant and Battery Energy Storage System (BESS) in the capital Juba, where it is ...

South Sudan launches solar-BESS project to expand grid access, replacing diesel generators and boosting energy for underserved regions.

South Sudan marks a new era in sustainable energy with its first 20-megawatt solar plant, built in partnership with Egypt. Learn how this milestone boosts energy security.

Designed for Plug and play operations, the ZSC range of mobile solar power is easy to setup and commission. The compact container is easy to transport and is a low maintenance asset on site.

This project aligns with South Sudan's Nationally Determined Contributions (NDCs) and national energy policies by reducing greenhouse gas (GHG) emissions through renewable energy ...

As they transition to renewables, S. Sudan's first solar installation will be our 10MW solar PV + storage project in the capital, Juba, in advanced stages ...
