From FiT-driven growth today to a storage-led revolution tomorrow, the potential is immense--but success hinges on resolving policy hurdles and boosting infrastructure.

This article explores market trends, key applications, and how innovative solutions like EK SOLAR's storage systems address Vietnam's energy challenges while supporting sustainable ...

Designed for easy installation in a 19-inch rack/cabinet, it supports stackable capacities ranging from 2.5KWh to 200KWh, making it suitable for large-scale applications.

Through this exhibition, Elecnova not only demonstrated its comprehensive strengths in the fields of energy storage systems, power quality management, and EV ...

KSTAR made a strong debut at Solar & Storage Live Vietnam 2025, introducing a comprehensive lineup of smart PV and energy storage solutions tailored to Vietnam's evolving ...

In energy storage, Trina Storage recently launched the 4.07MWh Elementa 2 battery energy storage system (BESS) that can fit inside a standard 20ft-long shipping ...

The BESS project aims to demonstrate the commercial viability of battery energy storage in Vietnam and showcase the practical benefits of renewable energy, including its reliability and ...

Perfect for remote power generation, disaster relief, temporary power needs, or permanent off-grid installations, this 200KW system delivers stable, renewable energy with minimal maintenance ...

This article explores the growing demand for high-efficiency energy storage equipment in renewable energy
